Camp notes
ought to have been put up. A report has I believe been already called for from the Dt. Comr of Minbu. Call his attention to para 4 & ask him to say definitely whether he promised remission of one half if the other half was paid up & whether it was on this understanding that any money was paid. Returns of the state of cultivation have been already called for I believe. Acknowledge this

wet land is not cultivated for want of water. Such remissions were occasionally ~~originally~~ granted by Govt as a measure of relief whenever distress was found to prevail on account of general drought or loss of crop in any large area. No such reasons existed in the year to which the Petitioner's Kandayam relates and no remission can be granted.

2. The Govt does not however approve of the last sentence of the Dy Commr's endorsement suggesting the relinquishment of the lands and this has been pointed out to the Dy Commr.

Madam please ...

We the undersigned ... holding wet lands in ... taluq of Tumkur District most respectfully beg to approach Your Highness with the following ...

We have the honor to acknowledge the receipt of the endorsement No. ... dated ... April 895, vouchsafed to us by the Private Secretary to Your Highness giving us to understand that no orders have been passed on your petition as we did not submit along with it the orders against which we appealed. will be graciously pleased to accord your Highness ~~accord~~ kind considera-tion to our petition.

Owing to the failure of rains this year the dry crops failed. Owing to the absence of water supply to the tanks the wet crops also failed. In the other talugs of the district it is no better. We represented to the Deputy Commissioner this state of things, and begged that some consideration may be shown to us in the season of drought and difficulty by remitting at least half the Kandayam. The Deputy Commissioner gave us the endorsement no 2097 dt April 9th 1895, declining to show any consideration to us.

We thereupon appealed against the decision of the Deputy Commissioner to the Government and were favoured with the order no 290.

half the permission this year expecting that the failure of rains and the consequent failure of crops would move the Dewan to extend the permission to us. The order of endorsement he has given us is very discouraging to us. The permission that we asked for is denied and we are told that no permission will be granted unless there is a general failure of rains leading to a general famine.

We beg leave to inform your Highness that the absence of water supply to the tanks go to show the drought. This drought is not confined to a patch of solitary ground. It has affected a very large part, if not the whole of the district. What encourages us to approach your Highness with a tale of our grievances is that

of 13th April 895, declining any redress to our grievances.

Our Shastras go to show that our rulers used to take 1/6 of the yield of any land in return for the protection of the life & property of their subjects. This custom fell ~~waste~~ of late into disuse and the Sircar used to receive half of the yield of the land. During the British administration, the Batayi system was abolished and the Kandayam was made payable in cash, the amount being determined by a certain rate per each piece of land taking in a seed of bushel. The Kandayam used to be levied only during the years in which the season was favourable and the lands gave some yield in return. If by the failure of rains the lands gave no

no yield, it was regarded that the Cultivator was not res.ponsible for what was beyond his power and a full remission of the Kandayam used to be extended to him. If however the season was good and the lands waste owing to some fault on the part of the Cultivators, the full amount of the Kandayam used to be levied from him as punishment for his idleness. The Sircar then was in the habit of giving only so much land for wet-Cultivation under tanks as there was sufficient water for, not even a patch of ground more. The owners of other lands under such tanks used to have full remission for their lands. The Cultivators then were not put to the necessity of paying Kandayam even in the years when their lands brought them no

no return, and even when they lost their outlay, labour, and all. During the latter part of British administration of the Province this rule, so so necessary to keep the Cultivating class, to eke out a livelihood was departed from. During the latter part of the same administration Mr C. Rangachariar, the late Dewan became the Revenue Commissioner. He saw the extreme hardship that the ryots were put to by being compelled to pay the Kandayam even when the lands gave them no return, and even when they were obliged to lose their outlay, labour and all, he therefore, ruled that in the years the wet lands fell waste owing to the non supply of water the ryots were ~~obliged~~ entitled to the remission of half the Kandayam,

is the duty of parent.

The petitioners humbly pray that when the lands yield no return, and when they lose their outlay, labour and all by the failure of rains some consideration may be shown to them. They beg to urge that there are instances in which the Govt has extended remissions in several such cases after satisfying itself that they are deserved. The petitioners request that a special officer be appointed to find out and report upon the degree of rainfall and the proportion of crops raised to determine whether anywhere remission full or partial is found necessary and to regulate the remissions thereby.

The petitioners beg to inform that they suffered greatly by the failure of crops last year, that they have already paid half the Kandayam due by them and all that they pray for now

Even Sir K. Seshadri Iyer the present Dewan acted upon these rules till 1887, when owing to the misfortune of the people they were cancelled by him. In 1887 Sir K. Seshadri Iyer ruled that the holders of wet land should pay their Kandayam even though their lands could not be brought under cultivation by the failure of water supply. From that time to this the Representative members were praying the Sircar for a redress of their grievances in this matter, but they have been invariably denied any redress.

In the years Khara and Vijaya there was a drought in some taluqs. The Dewan however was pleased to extend half the remission to the ryots. Encouraged by this concession we appealed to the Dewan for

every Government and specially the enlightened Government of Your Highness would on a full examination of the case come to the conclusion that ryots who form the back-bone of the Government and the State should not be compelled to part with what little they have towards the payment of the Kandayam when the lands they hold yield them no return.

If Your Highness kindly sends for, on the reports of the rainfall of the years Khara and Vijaya, and compare them with those of the previous years data for finding out the truth or otherwise of the petitioner's prayers will be furnished.

The wet assessment or the Kandayam is paid on the ground that the Government supply water. Your Highness will see the injustice

of levying the wet rates when the Government has not supplied water for wet cultivation.

We most respectfully beg to impress upon your Highness that levying water-rates on lands which owing to no fault on the part of the ryots is not brought under cultivation, is tantamount to inflicting a penalty upon the innocent. This eats into the vitals of the wellbeing of the industrial classes.

We have no body to look up to in this our unfortunate condition. Your Highness is in the position of a kind mother to us. Our weal or woe is we are confident a matter of ~~gratitude~~ solicitude more than to anybody else. We most humbly beg that your Highness will kindly accord your Highness's best consideration to our petition and kindly order a redress of our grievances

Order of endorsement to [illegible] and other ryots holding wet lands in Tumkoor and Gubbi Taluq.

Your appeal no. 2[illegible] d/ 3rd April against the order of the Deputy Commissioner no 200 d/ 2nd April stating that no recommendation for remission will be made unless the failure of rain fall and crops are of a general nature &c has received.—

You have not mentioned in your petition the rules by which you claim the right of half remission for the lands you hold. It is not one of the conditions by which you hold lands that half the remission of Kandayam will be granted to you whenever the failure of rain &c. The consequent absence of water supply lead to the failure of Crops.

To,

The Revenue Secretary
to the Government of Mysore

Sir,

In returning Petition Registered No. 3308 of the 2nd May 1895 presented by Kalyanappa and certain other Ryots of the Tumkur Taluk received under your letter No. $\frac{24950}{P. 1939}$ dated 27th June 1895, I have the honor to make the following remarks.

causing general failure over a vast area owing to the failure of crops, it is usual for the Govt to allow some consideration as a sort of help to the ryots. In the year under notice there was (neither?) a general famine nor a general failure of rainfall. The remission you apply for cannot therefore be granted. The Govt does not however approve of the latter part of the Deputy Commissioner's order which goes to say that you may give up your lands if you cannot pay Kandayam. The Deputy Commissioner has been written to on this matter. It is good for you to pay up the arrears of Kandayam without any more takarar. Understand this.

By order

for them a remission full or partial according to the circumstances of the case for them.

The petitioners were favoured with an order of endorsement no 119 dy 12-12-94 to the effect, that he had no power to grant the request of the petitioners. That the petitioners appealed to the Deputy Commr representing that according to the rules in force regarding the remission of Kandayam, they were entitled to the favourable consideration of the Government, and requesting that officer to kindly inquire into the circumstances of their case, and then allow them the consideration which those circumstances warranted. The Deputy Commissioner favoured them with an endorsement no 30 dy. 2-2-95 stating that he has no orders to grant remissions. The petitioners addressed their grievances by telegraphic

to the Dewan when he was in Calcutta on the 21st Decr 1894. They were favoured with no reply to their prayer. They again addressed a petition setting forth their grievances in detail to the Govt of Mysore and posted it on the 5th February 1895. They were given to understand that their petition was referred to the Deputy Commissioner for disposal by an order No 2069 d/ 26th March 1895. On the receipt of this order they again addressed a petition to the Deputy Commissioner in reply to which the following order No 219 d/ 9th April 1895, was received.

order.

"The regulation authorises us to recommend for remission only when rains fail throughout and the dry and wet crops completely fail everywhere. As neither a general failure of rains nor of crops can

can be said to exist now, it is not possible to make any recommendation in the matter. The petitioners may give up the lands for which they find themselves unable to pay Kandayam in which case the remission will of course be made".

The petitioners most humbly beg to inform the Govt that the petitioners depend upon the land for their livelihood. They look up to the Govt for help and consideration only when it is absolutely necessary. They regret that they are ordered to give up the lands if the failure of crops has disabled them from paying the Kandayam. This is a step which the unfortunate ryots know very well, but they cannot afford to give up that without which they can never exist. They are of opinion that they stand to the Government in relation of children that ensuring the livelihood of children

is, that the Govt. be kindly pleased to remit the other half of the assessment and pending the decision of this question to kindly instruct the local authorities not to attach the petitioners property in satisfaction of the other half of the Kandayam due by them.

The petitioners further request that they may be favoured with an endorsement to the above effect. Hoping that the Govt. will lay the petitioners under a deep debt of gratitude by showing them the consideration asked for the petitioners as in duty bound shall ever pray.

ABSTRACT.

The Secretaries submit, for favourable consideration and orders of Government copies of Proceedings of the Association regarding remission of assessment on wet lands that remained uncultivated.

It has been proposed and accepted by the members that Mr. K. Srinivasiengar should be the President, [illegible] K. [illegible] and [illegible] the Secretaries, [illegible] Rao, [illegible] and eleven others, the [illegible] of the Association [illegible]

Resolved that

The majority of the Directors should consult the Secretaries and the President, and frame rules regarding the up-keep, management and progress of the Association.

" That (the proceedings of the) Association should come into force from the 2nd June 1897, and that the copies of the Proceedings should be submitted to Government, the Deputy Commissioner, and Her Highness the Maharani Regent.

Abstract of the Proceedings of the Association held on June 1897 in the Temple Sri Lakshmikanthaswamy at [illegible].

The notice issued in this connection was read out.

3. It was the custom during the British Administration and during the time previous to it to collect assessment on wet lands only for the years in which the tanks were full and lands were cultivated, to remit the Kandayam for the years in which there were no rains. After the Province was under the direct ~~cont~~ administration of the Maharaja, Mr. Ranga Charlu, the late Dewan, remitted assessment on lands that were uncultivated

At present no remission has been granted, whether the lands be cultivated or not, except in special cases

4. The average settlement mentioned in 3 para of the ... and passed on the average of the 30 years before the ... in which the lands were full and empty is not applicable for the 3 years after that. It is clear from the Govern... records that the number of years in which the lands were ... is less than that of those in which they were

5. Since the rules co... force every ryot co... and does not ...

6. The Government was ... to give to the ryots ... of the 9th para of the ... Tanjore and Char...

7. It is to be remem... that the Government ... pleased to grant ... benefit during ...

8. Knowing beforehand the effects of famine ... this State was ... in a greater degree ... of Tanjore, Tha... and ... the Government was pleased to grant remission to the ... northern Taluks, and ... proceedings to the ...

mission will be granted for the lands in the Southern Taluks recommended by the Deputy Commissioner.

9. With reference to this proceeding the ryots represented their pitiful state to the Jamabandy Office. He forwarded his recommendation to the Deputy Commissioner.

. With reference to the order the Deputy Commissioner a statement of the lands for which remission ought to be granted was prepared. On personal representation to the Deputy Commissioner, the ryots were informed that they should pay up their assessment that he would recommend the remission of the other and that he would order not to collect the assessment till he received from Government.

ryots have paid up assessment, and, in hope that the this would be remitted, they have [illegible] of the money, [illegible] in buying food.

There are many ryots [illegible] are ~~too~~ poor from the beginning.

They are now informed no remission will be [illegible] their lands have been attached and fixed for sale. Some of the lands have been sold.

13. The members think that the matter was not placed before Government by the Deputy Commissioner.

14. This proceeding was drawn up with the intention of bringing to the notice of Government the matter of remission of over assessment on the lands in the Southern Tracts, which are Tiptur and Kunigal Taluks.

15. Copies of this proceeding be submitted to the Deputy Commissioner, the Government, and H. H. the Maharani Regent.

16. Telegrams should be submitted to Government and H. H. the Maharani Regent praying that the sale of the lands sold may not be confirmed, and the sale of the lands that have not yet been sold may be stayed pending disposal of this petition.

a fair supply of water, whereby the ryots were enabled to raise a wet crop - Even the big tanks above mentioned received 3 to 4 months supply of water during the S. W. Monsoon, but advantage was not taken of it as Kartick crops are not as a rule raised under them - And owing to the deficiency of rain during the N. E. Monsoon, there was not sufficient water in them to admit of Vaisakh cultivation - The persons who have signed the Petition from the Gubbi and Tiptur Taluks are mostly the holders of land under these big tanks - Their allegation that their lands were waste in 1896-97 may be true, but the question is whether on that ground alone, they can claim a remission of a moiety of the wet assessment - I am of opinion they have no claim to the concession - The policy of Government in the matter is clearly laid down in para

para 2 of Proceedings No 9048—55 Petition 1541 dated 16th April 1897, and any deviation from it would be harmful. The previous year 1895-96 was one of plenty and there is therefore no reason why any concession in the shape of remission of a moiety of assessment should be shown for the last year.

3. The Petitioners allege in para 4 of the petition that I gave them to understand that if they paid up a moiety of the assessment, I would recommend the remission of the other moiety. In regard to this allegation, I need only say that if they have understood me at all, they have misunderstood me. Towards the end of April last or in the beginning of May last, a number of men headed by Gubbi Madar Sab and Kadab Ramanjiengar came to me with petition praying for remission of assessment

Translation

Owing to the failure of rains during the [illegible] year, the lands were not cultivated and were lying waste. During the year 1896–97 we had [illegible] a petn with [illegible] [illegible] to Your Hig[hness] regarding the remission of assessment on [illegible] lands lying waste. [illegible] A copy of that petn is attached hereto.

2. Owing to the complete failure of the rains during the current year, the wet lands in our Taluks are lying waste. [illegible] there were absolutely none [illegible] [illegible] reported to the Dist [illegible] authorities regarding the remission of assessment. The Govt. in [illegible] dated 7th April 97 have, in the case of the three northern Taluks of our Dist. (Tumkur) ordered a remission and with regard to the southern Taluks have ordered that remission would be granted only in the case of those lands which are, in most

…y the Dy Commr: reported to be deserving
…f the same.

3. Accordingly, under orders from
…the Dy Commr:, statements of lands deserving
…f remission were prepared in the Taluks.

4. The Dy Commr: has told us personally
…hat in case of our paying one half of the
…ssessment, he would recommend for the
…emission of the other half.

5. Accordingly we paid half the
…ssessment and made some changes
…n our domestic affairs to suit the
…ircumstances, under the full belief
…hat the other half would be remitted.

6. In the mean time there were one
…r two showers of rain. Either for this
…eason or for something else, our Dy
Commr: unexpectedly changed his
…mind and ordered that the whole of
…the assessment should be paid, and
…e attachment and sale of our property
…has been commenced. Rains have again stopped.

7. On hearing this we are quite
…disappointed, and being unable to
…secure the money all on a sudden
…nd, even if we did, it being impossible
…or us to eke out our livelihood until
…here are more showers of rain and
…e reap the next harvest, we are forced to
… undergo hardships. Although we are
…aced in the same circumstances as
…those of the people of Kolar and Chittledroog,
…we are constantly to repeat that we are
…not gifted with the good luck of those
…eople, merely because the officer who has
…the power to recommend does not want
…to do so. God alone knows to whom we
…have to represent our grievances.

8. Is there any one else but Your
…ighness whom we can look up to for
…rotection, or is it possible for us to represent
…ur grievances to any others? No. such
…eing the case, we are certain that
…our Highness' mercy would not be

Sir,

In returning the Petition Registered No 77 dated 3rd instant received with your Docket No $\frac{36}{R.F. 64-95}$ dated the 19th idem, I have the honor to observe that the petition purports to be from the holders of wet lands in the Gubbi and Tiptur Taluks of this District as well as those in the Malur and Kolar Taluks of the Kolar District. From the signatures attached to it, the petition appears to have been got

up

3/ para 2 of Proceedings No 3048-55 Petition 1547 dated 15th April 1897, and any deviation from it would be harmful. The previous year 1895-96 was one of plenty and there is therefore no reason why any concession in the shape of remission of a moiety of assessment should be shown for the last year.

3. The Petitioners allege in para 4 of the petition that I gave them to understand that if they paid up a moiety of the assessment, I would recommend the remission of the other moiety. In regard to this allegation, I need only say that if they have understood me at all, they have misunderstood me. On towards the end of April last or in the beginning of May last, a number of men headed by Gubbi Madar Sab and Kadab Ramaiengar came to me with petition praying for remission of assessment

I received the petition and informed them that it was improper that they should withhold their Kandyrum on the pretext of making representations to the Government for remission. I explained to them the policy by which the action of Government was regulated in this matter and the difference between our rules and those which exist in Her Majesty's Territories, but never led them to understand that I would recommend the remission of a moiety of the assessment. Much less did I promise them such remission. My views in the matter were not satisfactory to them. They then told me that if I gave them an endorsement, they would go up to Government. All that I said at the time was that I would give them written endorsements after 3 or 4 days. During this period I thought over the matter and after necessary consultation

Tumkur District
Deputy Commissioner's Office
Tumkur 20th July 1897.

To

The Secretary to the Govern-
-ment of Mysore- General
and Revenue Departments.

Sir,

I have the honor to ac-
-knowledge the receipt of Govern-
-ment Proceedings No $\frac{235}{R 72}$ dated
the 8th instant forwarding for re-
-port a petition from the Honora-
-ry Secretaries of the Land holders
and Merchants Association, Tum-
-kur District submitting copy of
the Proceedings of the Association
praying for the remission of wet
assessment in the Taluks of
Tumkur, Gubbi, Chiknayakanhalli,
Tiptur and Kunigal Taluks of
this District, and in reply beg to
submit as follows.

2 The so-called Land holders

members who passed the Resolution had very little information before them. It may be noted here that the whole of the inst. assessment of the Chikmagalur Taluk was fully recovered within the close of May last.

5. As regards the statement made in para 10 of the Proceedings of the Association, I need only repeat what I have stated in my letter of this day No. 39. During the Jamabandy of the Timkur Taluk, a number of Petitions was presented to me for remission of assessment and all that I then gave the Petitioners to understand was that if the orders regarding remission were extended to the Taluk, they would all of course participate in the concession. After consideration of the circumstances connected with the question, I finally decided that the Timkur Taluk was not entitled to the concession and replied to the Petitioners accordingly.

6. The statement called for in para 2 of the Proceedings under reply will be submitted on receipt of information from the Collector.

7. The Petition of the Honorary Secretaries of the Association with its enclosures is herewith returned.

I have the honor to be
Sir,

Your most Obedient Servant.

ABSTRACT.

State as follows:

1. That in the year [illegible] their crops failed for want of rains and then applied for remission of half the [illegible] but not granted.

2. That in the year [illegible] the crops have failed for want of rains: the gardens also have nearly dried up for want of water in the wells.

3. That the [illegible] of [illegible]

crops, has been brought
to the notice of the Jamabandy
officers and remission
prayed for: that the said
Jamabandy officers
admitted & recommended
them for remission
and addressed a letter accordingly
to the Deputy Commr
in the matter.

That remission has
been granted to some
of the Talooks in the Kolar
district in accordance
with the Govt Proceedings
which directed the commutation
the Talooks to the North of
the Nundidroog District,
for remission - also
those that are considered
worthy of remission in
the South.

That as the Deputy Commr
insisted them to pay half
Candayam and is
unwilling to get the other
half remitted - they
paid half the Candayam
subjecting themselves
to great difficulty; but
finally the Deputy Commr
told them that remission
cannot be granted to
them - as their Talooks

are

are not mentioned
in the Govt Pro. —

6. That the petitioners pray that their land case may be duly noticed — and that the remission of half the land revenue may be ordered

The enclosures of the petition are: —

(1) Thisoffice Endt. No. 2729 d/s 8.5-97, stating that no other remission [illegible] is laid in the Govt. Pro: No. 65. can be granted.

(2) Deputy Commr's Endorsement No. 8 [illegible] and stating that remission of half the land revenue cannot be granted on the ground that 2 two tanks in a taluk did not get sufficient depth water.

(3) Deputy Commr's Lr. No. 349, & Lakshminarasimha —vadhani & others of Arunachalagiri, [illegible]

& recommend them
for the remission
of half the wet assessment
(4) Deputy Commr's
endorsement No. 420,
& Lingappa & others
of Kadakada Kere,
stating that the
remission of half
the wet assessment
cannot be recommended.
(5) Deputy Commr's
Endorsement No.
1341 & Nagappa &
others of Mallaghatti Kere
stating that there is
hardly any reason
to recommend the
remission of half
the wet assessment.
(6) Punkur Taluk
Amildar's Endt. &
Gangashetty & others
of Chick Tollakere,
stating that the
remission of half
the wet Candayam
prayed for, cannot

Sir.

File ending with this office No $\frac{2530}{R.809}$ of 2.9.97 is not with the Under Secry. He has a faint recollection of having sent the file to Record Keeper Anandakrao of the Genl Branch for explanation. In this office No above referred to the Dy Commr was requested to specify the localities of the Kolar Taluk which deserved the concession of half remission. It is not known whether any reply has been received thereto.

I do not know if the tank statements called for by the 2d Councillor have been received or not.

Please see the Secretary's queries on the office slip.

reports that he has only checked the entries in the Pahni accounts of the Dalsanoor Hobli.

9. I regret to state that the inordinate delay in the submission of these statements, is mainly due to the procrastination and indifference of the then Kolar Amildar S. Krishna Ayar, though Krishna Swamy Row, the present Amildar of Srinivaspur, is also somewhat to blame. I request that Government may pass such orders regarding remission as they may consider necessary, as after this lapse of time I am unable personally to vouch for the due accuracy of the statements submitted, especially as regards the Dalasnoor Hobli.

The Vernacular records and

on 20th June 1899 to verify the statements with the Pahni entries and submit the same within 15 days. The present Amildar M. Krishna Samy Row after a delay of several months, has now furnished the required statistics, on which a remission statement for Rs 996-15-9 is herewith submitted for favour of sanction. The amount to be remitted to all the Hoblies inclusive of Rs: 12464-3-10 referred to, aggregates Rs 13461-3-7.

8. Krishna Row the present Amildar of Kolar has satisfied himself with the truth of the statements so far as 7 Hoblies are concerned, but as there was so long a delay intervening, the present Amildar of

Srinivaspur

Amildar Krushna Iyer (who is now in Chennapoor Taluk) to have the statements verified and certified, as the Hobli was in the latter's jurisdiction during 1896-97 - the year to which the remission related. Krushna Iyer seems to have persistently returned the papers back unverified, and on the matter being reported to the Deputy Commissioner on 28.9.1898 the Treasury Assistant Commissioner was directed to issue needful instructions to the Amildars concerned on 4.10.1898.

Krishn Iyer carried on a lengthy and unnecessary correspondence, and procrastinated without giving effect to the orders, and the Amildar of Srinivaspur was asked

on

as the matter referred to the Head quarter Taluk, the Taluk officials appear to have been sent for and the necessary corrections made. The delay in completing the reference was however due to the non-receipt of permission for parts of Dalasanoor Hobli, which had been transferred to the Srinivaspur Taluk from Kolar, in the interval viz: in July 1897.

7. It was the duty of the Amildar of Srinivaspur to have had these lists made out and submitted at once to the District office. He (M. Krishna Iyengar) appears to have had the statements prepared and forwarded to the then Kolar Amildar

April 1897, but the benevolent intentions of the Government not having been brought to the notice of the ryots till after the Huzur Jamabandy of the Taluk had been completed, no applications were received at Jamabandy for remission, and the Jamabandy officer did not therefore examine the state~~ment~~ of the crops of any particular area or number.

6. In September 1897, in accordance with the Government order referred to above, remission statements were ordered to be made out, and the statements were prepared and submitted with the Treasury Assistant Commissioner's yadi no: 296 dated 22-9-98.

The lists were however incomplete and incorrect and as

crops under all but seven major tanks in the Kolar Taluk have been reported upon by the Jamabandy officer Mr. Krishnaiyar in his reports nos: 246 dated the 24th June and no: 23 dated 16th July, 1897 respectively (copies of which are enclosed for reference). Mr. Rangaswamy Iyengar, the then Deputy Commissioner stated in this connection, that he was able to endorse the statements made by the Amildar and Assistant Commissioner, both from what he had himself seen and the enquiries he was able to make.

5. The Government Proceedings no: 65 D. above referred to received due publicity in the latter part of

to call for a detailed report re-garding the statistics of cultivation and the extent of the Taluk to which the remission was proposed to be granted, and the then Deputy Commissioner Mr A Rangaswamy Iyengar seems to have ordered the preparation of remission lists on the strength of this order.

3. Two Hoblies, Nagaregere and Darinayakan Pallya in the Gouribidnur Taluk were also selected under the above orders and the remission lists were submitted and sanctioned by Government in their Proceedings no: 6307 / R7.64-95 dated 8th March 1899. X 12026 see B

minutes. no: 65 D dated the 2nd April 1897, remission was ordered to be given to the affected parts of the State, which included Mulbagal, Chintamani with Srinivaspur and Bagepally with Gudibanda Sub Taluks; and on the representation of the Amildar of the Kolar Taluk and the Treasury Assistant Commissioner Mr Krishna-Iyengar, vide his letter no: 246 dated 24-6-97, who conducted the Jama-bundy of the Taluk that year, a reference was made to Government

ascertained that the tank in question received a small supply of water and lands on higher level were left uncultivated.

2. As the out-turn harvested was favorable when compared with the affected tracts in other Taluks of the district and as the principle of extension of concession was for the failure of wet crops over a large area and as Bowringpett was not affected Taluk requiring any concession, Mr. of Rangaswami Iyengar the then Deputy Commissioner, informed the applicants in person after personal inspection of their lands that they were not entitled to the remission of Kandayam.

hope that later rains would replenish the tanks lost both, that the yield of dry crop — though not very bad was indifferent the average yield being between 4 to 6 annas: that the statement of the Amildar that many of the ryots paying a decent land revenue depend entirely for their supply of food grains on local markets owing to the scanty harvest is literally true; and that the rain fall of the year was very scanty is further evident from the fact that no tender was received for many a salt pan in this Taluq, in which respect also they have suffered a great loss.

Besides, the Ryots of this Taluq are not in affluent circumstances as those in Inland tracts, and to them loss of crop in a single year is a great calamity which they cannot tide over without Government help in the shape of remission. [illegible] they [illegible] just [illegible] that [illegible] — cannot be said [illegible] [illegible] better than [illegible] [illegible] [illegible] in the tanks declared to be affected. × × ×.

The year is conspicuous by the absence of timely rain and the consequences that ensued therefrom are disastrous to Public Revenue. Several tanks received little or no supply of water and wet lands under them are lying fallow. Even a salt pan was not bid for, and the income from village Amerai produce and tange leaf is very insignificant.
